Report of Selectmen

To the Voters of the Town of Millbury:

The Selectmen herewith present their report for the year 1932.

New Road

During the year the Highway from corner of Riverlin Street and Grafton Street to the New England Power Station, Grafton Street, was reconstructed from a survey and specifications made by Engineer John E. Gallagher, and supervised all work which was done by Thomas Hill, relaid with crushed stone and asphalt.

The work of the contractor met the approval of the Selectmen and Engineer and we believe was performed to the satisfaction of the citizens in general.

Distribution of Government Flour

The Board of Selectmen and the Red Cross Chapter gave out 3800 24½-lb. bags of flour to the needy during the year.

Traffic Signs

During the year traffic signs were installed under the supervision of the Massachusetts Highway Division.

Unemployment

For the relief to some extent of the large number of un-

employed citizens a special town meeting was held and \$4000 appropriated to repair all the bridges of the town. This money was well expended and relief furnished many willing workers.

The co-operation of the heads of the different departments with the Selectmen was generous and our relations cordial for which we express our sincere appreciation.

FRED H. VULTER,
ALCIDE MAYOTTE,
PATRICK J. GIBSON.

Report of Auditor

Millbury, Mass.
January 23, 1933.

I herewith respectfully submit my report of the cash receipts and expenditures for the year ending December 31, 1932.

Yours very truly,

JAMES J. CASSIDY,

Auditor.

Report of Board of Public Welfare

January 17, 1933.

To the Selectmen of the Town of Millbury :

For details of the expenditures of this department, see Auditor's Report.

The Report of the Charlton Home Farm Association will be found on another page of this book.

The lack of employment in many lines of labor has caused more than the usual requests for aid and from a great number who never required any aid in the past.

The last financial town meeting voted the sum of \$35,000 to carry on the work of the Board of Public Welfare for the year 1932. This sum would have been sufficient to take care of our own town, but so many families from other towns required aid that we had a small overdraft.

Unless there is a material increase in employment of labor in this part of the State we shall require an appropriation of \$47,000, \$40,000 for the Board of Public Welfare, and \$7,000 for Old Age Assistance. This amount to include the salaries of the Board of Public Welfare.

Respectfully submitted,

ALBERT F. DESPARD, *Chairman*,

R. M. FOWLER, *Clerk*,

MYLES H. SCANNELL.

Report of the Charlton Home Farm Association

FOR THE YEAR ENDING DECEMBER 31, 1932.

Receipts

Balance, January 1, 1932	\$974 13	
Received for inmates' board	14,012 32	
Received from boarder	43 00	
Income from farm	663 65	
Miscellaneous	17 66	
Interest on deposits	27 76	
	<hr/>	\$15,738 52

Expenditures

R. D. Sargent and Wife	\$1,800 00
Help, inside and outside	1,095 17
Groceries	1,165 58
Meat and provisions	1,638 15
Grain	1,097 55
Coal	563 93
Gasoline and oil	212 72
Supplies	989 87
Tobacco	364 81
Electricity and supplies	164 15
Telephone	55 20
Miscellaneous	1,169 80
Stock	357 00
Medical attendance	76 50
Insurance	248 59
Seed and fertilizer	160 83

Repairs	547 80	
Work on refrigerator	108 91	
	<hr/>	\$11,816 56

Balance in favor of the Association		\$3,941 96
-------------------------------------	--	------------

The Association received from towns on assessment for new addition, and by vote of the Association, deposited in Savings Banks		\$4,576 00
Dividends credited		51 13
	<hr/>	\$4,627 13

During the year, there were inmates from Ashburnham, Auburn, Boylston, Brookfield, Charlton, Dana, East Brookfield, Hardwick, Holden, Holland, Leicester, Millbury, Paxton, Rutland, Sterling, Warren, West Brookfield, West Boylston, and Westminster.

There were none from Berlin, Hubbardston, New Braintree, Oakham and Princeton.

During the year, the barn and shed were shingled, the heating and water system improved, and an electric refrigerator of the "Walk in" type contracted for. This was not completed before the end of the year, but was completed soon after the Annual Meeting. There is due for the electric refrigerator, \$1,200.00, the bill for which had not been received.

The appraisal of Real Estate was set at \$15,000.00 and Personal, \$7,086.55.

D. W. Mason, Hobart F. Tucker and Percy E. Collins were appraisers.

Respectfully submitted,

HERBERT N. SHEPARD,

President.

LOUIS M. HANFF,

Secretary.

Charlton, Mass., Jan. 2, 1933.

AUDITOR'S REPORT

I have audited all bills of the Association for the year ending December 31, 1932, including money received and expended, and have found them correct; also all checks, which were signed by the President and Treasurer.

CARL F. DAVIS,
Auditor.

Note: At the Annual Meeting, Jan. 3, 1933, it was learned that Herbert N. Shepard, President of the Association, since January, 1928, would not be available for re-election as he was not to be a candidate for Board of Public Welfare, of Warren.

Mr. Shepard brought to the Association the service and advice of a practical farmer and experienced business man, and under his guidance, the association made many improvements and was placed on a sound financial basis. His place will be hard to fill.

The new officers of the Association are: President, Percy E. Collins, Auburn; Vice-President, Robert F. Tucker, Charlton; Auditor, Carl F. Davis, West Brookfield; Secretary and Treasurer, Louis M. Hanff, Rutland.

LOUIS M. HANFF,
Secretary.

Report of Millbury Public Library

We herewith respectfully submit the report of the Librarian.

To the Trustees:

I hereby submit the following as my annual report as Librarian of the Millbury Public Library.

As most of the trust funds of the Library are in the Millbury Savings Bank, the number of books purchased was limited, but I am glad to state that the circulation has increased over four thousand in the past year.

The Library has been opened extra hours;—Tuesday, Thursday and Saturday from 2 until 8 o'clock inclusive, thereby eliminating the supper hour, and on Wednesday and Friday from 2 until 5 o'clock, for the convenience of the townspeople. The opening hour used to be at 3 o'clock.

The Division of Public Libraries at Boston has been generous in loaning the Library, free of charge, the necessary non-fiction books, thus saving the purchase of the more expensive volumes.

Dr. Angel, Mr. Ferguson and the Millbury Woman's Club have been very generous in the donating of many books to the Library. Harriet Waters Forbush gave a book of poems, written by her and dedicated to the memory of her mother. A photostatic copy of a card written by Samuel D. Torrey, mailed in Millbury, August 21st, 1846, and sent to Worcester with a five-cent stamp, has been given to the Library. I will be pleased to show this card to anyone interested.

The New World Book Encyclopedia and a Dictionary of American Biography were purchased during the year.

The number of books purchased	332
Circulation for the year	24,806
Classified as follows:	
Fiction	15,872
Juvenile	6,225
Classified	1,380
Magazines	1,329

The people of Millbury should feel that the Library and all its advantages are at their disposal at all times.

Signed
LAURA E. PALETTA, *Librarian*.

Trustees:

M. PEARL LACOUTURE,
ARTHUR W. SNOW,
EDWARD F. RICE.

Report of Engineers of the Fire Department

To the Honorable Board of Selectmen:

The Engineers appointed by your board met and organized as follows:

William D. Horne—Chief

Joseph E. Army—First Assistant and Clerk

Richard F. Gillert—Second Assistant

During the year, No. 1 Company answered 48 bell alarms; 26 being false and 19 still alarms. No. 2 Company answered 34 bell alarms; 12 being false and 23 still alarms. A very poor showing in regard to false alarms.

Our fire loss has been exceptionally low this year; the buildings having a value of \$16,550.00 suffered only a fire loss of \$6,518.55 and insurance collected amounted to \$5,989.80. The value of the contents amounting to \$24,100.00 suffered only a loss of \$4,375.00 and insurance collected amounted to \$3,275.00, a record that is hard to beat.

Oil is the most dangerous hazard we have to contend with now as it is being used by the majority of people for fuel. It has one good feature and that is in doing away with chimney fires which has been the cause of a great number of fires. The storage of oil is where the care must be taken. Oil can be stored in cellars, outside sheds, or out of doors. A new law is going into effect soon where no oil will be delivered to any person unless they have a permit, and no oil is to be delivered above the ground floor. Any oil company disobeying this law will have their license revoked, so

get prepared now or you may be refused oil on some cold winter day.

In case of fire always send someone to the nearest fire alarm box as you get quick response from both companies. In telephoning, dial 666 during the daytime. Nights, Sundays or Holidays, dial 555. If no response, dial 777.

Let every day be fire prevention day and we will be able to make our fire loss lower. We have one now that everyone should be proud of.

In re-roofing a building, do not use wooden shingles as it is considered a fire hazard and will increase your insurance rate.

A few 2½ gallon chemicals of your own to be used in case of fire will also lower your rate.

Respectfully submitted,

WILLIAM D. HORNE,
JOSEPH E. ARMY,
R. F. GILLERT,

Board of Fire Engineers.

Report of Board of Health

Millbury, Mass., December 31, 1932.

To the Honorable Board of Selectmen:

I hereby present the annual report of the Board of Health for the year 1932.

Anterior Poliomyelitis	1
Chicken Pox	51
Diphtheria	23
Dog Bite	11
German Measles	1
Lobar Pneumonia	16
Measles	48
Mumps	249
Scarlet Fever	38
Tuberculosis	2
Typhoid	1
Whooping Cough	16

Parents, please bear in mind that all contagious diseases must be reported.

Respectfully submitted,

L. H. BALLARD.

Report of Animal Inspector

To the Selectmen of Millbury:

The dairymen as a whole have signed a petition for a State test of all cows in town. This will be done sometime under State and Federal supervision.

Nine dairymen obtained a test year.

Respectfully submitted,

F. A. WATKINS,

Report of Milk Inspector

To the Selectmen of Millbury:

Fourteen milk licenses were issued the past year. The stores in town are selling either pasteurized milk or milk from tuberculin tested herds. Most of the milk delivered is handled by six of the largest dealers; they also have pasteurized or milk from tested herds.

Respectfully submitted,

F. A. WATKINS.

Report of Moth and Tree Warden

To the Selectmen of the Town of Millbury:

Report of the Gypsy and Brown Tail Moth Superintendent and Tree Warden of the Town of Millbury.

Gypsy Moths have increased in large numbers over last year.

Brown Tail Moths are about the same as last year.

Satin Moths have decreased one-half since last year.

Respectfully submitted,

EDWARD F. ROACH.

Town Warrant

Worcester, ss.

To either of the Constables of the Town of Millbury, in the County of Worcester, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Millbury, qualified to vote in elections and town affairs to meet at the Town Hall, in said Millbury, on Monday, the sixth Day of February, next, at fifteen minutes of Six o'clock in the forenoon, to elect the following officers, to wit:

Article 1. Three Selectmen for the term of one year; a Town Clerk, Treasurer, Collector of Taxes, Auditor, Moderator, six Constables, Tree Warden, Highway Surveyor, all for a term of one year; one Member of Board of Public Welfare for three years; one Member of the School Committee for three years; one Assessor for three years; one Member of the Board of Health for three years; Trustee of Town Library for three years; one Commissioner of Cemeteries for three years; all to be voted for on one ballot.

Article 2. To choose all other necessary town officers for the year ensuing.

And to meet on February 11th, 1933 at 2 P. M. at the Town Hall, in said Millbury, to act on the following articles to wit:

Article 3. To hear reports of the several Town officers and committees and act thereon.

Article 4. To raise and appropriate such sums of money as may be necessary to defray Town Charges for the year ensuing, including sums for the lighting of streets, the maintenance of the Town Library, the observance of Memorial Day, care and improvement of cemeteries, care of clocks, care of fire alarm, the use of the Tree Warden and for Town Aid to needy Soldiers and their widows, salaries of Fire Department, or take any action thereon.

Article 5. To determine the time when all taxes shall be payable and make regulations concerning the payment of same.

Article 6. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Article 7. To see if the town will authorize the Selectmen to employ counsel in any suit that may be brought against the Town.

Article 8. To choose any committee or committees that may be thought necessary.

Article 9. To see if the Town will authorize the Selectmen to publish a list of all uncollected taxes with the annual reports.

Article 10. To see what action the Town will take regarding the hiring of two or more policemen to patrol our streets and to raise and appropriate money for same, or take any action thereon.

Article 11. To see if the town will authorize the Assessors to print the Valuation and Tax List and raise and appropriate money therefor.

Article 12. To see if the Town will accept a 10 per cent gift from the salaries of teachers, and superintendent and authorize the Town Treasurer to place this to the credit of the School Department to be used at its discretion for meeting its expenses during 1933.

Article 13. To see if the Town will raise and appropriate the sum of \$350, to be paid the Millbury Society for District Nursing, or take any action thereon.

Article 14. To see if the Town will raise and appropriate the sum of \$4000 for the year's rental of the accommodations at the Assumption School now used by the Millbury School Department, or take any action thereon.

Article 15. To see if the Town will vote to accept the provisions of Sections 7 and 8 of Chapter 136 of the General Laws of the Commonwealth, authorizing the Selectmen to grant licenses to sell confectionery, ice cream, soda water and fruit on the Lord's Day, or take any action thereon.

Article 16. To see if the Town will vote to raise and appropriate a sum of money for support and maintenance of the Worcester County Tuberculosis Hospital, as per county warrant, or take any action thereon.

Article 17. To see if the Town will raise and appropriate a sum of money to provide for extraordinary or unforeseen expenditures under the provisions of Chapter 40, Section 6, of the general laws of Massachusetts, to be known as the reserve fund, or take any action thereon.

Article 18. To see if the Town will authorize the Selectmen to employ a Civil Engineer, when in their judgment, it is necessary and raise and appropriate money therefor, or take any action thereon.

Article 19. To see if the Town will vote to raise and appropriate a sum of money to pay overdrafts of Board of Public Welfare for 1932, or take any action thereon.

Article 20. To see if the Town will vote to raise and appropriate a sum of money to pay overdrafts of the Board of Soldiers' relief, for 1932 or take any action thereon.

Article 21. To see if the Town will raise and appropriate a sum of money for state aid relief to defray expense of current year, or take any action thereon.

Article 22. To see if the Town will vote to raise and appropriate a sum of \$400 for military aid for 1933 or take any action thereon.

Article 23. To see if the Town will raise and appropriate a sum of money to pay abutters for property taken on account of widening Grafton and Worcester road, and for expenses incurred in regard to same, in accordance with liability assumed at Special Town Meeting, November, 1928.

Article 24. To see if the Town will contract with Harold D. Woodbury for two fire hydrants, located at Johnson Street and Park Hill, and raise and appropriate money therefor, or take any action thereon.

Article 25. To see if the Town will vote to authorize the Selectmen to grant licenses to exhibit moving pictures on the Lord's Day, or take any action thereon.

Article 26. To see if the Town will raise and appropriate the sum of \$25.00 for the purpose of transferring a fire hydrant from the old car barn to a new location at the corner of Dewey Avenue and North Main Street, under the supervision of the Selectmen and Chief of the Fire Department, or take any action thereon.

Article 27. To see if the Town will raise and appropriate a sum of money to place a fire hydrant at the junction, known as Dewey Avenue and North Main Street, or take any action thereon.

Article 28. To see if the Town will vote to raise and appropriate a sum of money to install a hydrant at the junction of West Main Street and West Millbury Road, or take any action thereon.

Article 29. To see if the Town will vote to appropriate the sum of \$40,320 for the purpose of paying the Town's share of the cost of providing the Worcester County Tuberculosis Hospital the assessment therefor having already been duly made against the Town, determine whether all or any portion of said assessment be funded as authorized by Chapter III of the Acts of 1932 and for what period not exceeding fifteen years, direct the Town Clerk to file with the County Commissioners promptly a copy of such vote as may be passed under this article, and any other papers requested, or to take any action in relation to the subject matter hereof.

Article 30. To see if the Town will vote to raise and appropriate a sum of money to pay overdrafts for election and registration for the year 1932, or take any action thereon.

Article 31. To see if the Town will vote to raise and appropriate a sum of money to pay overdrafts of the Highway Department, for the year 1932, or take any action thereon.

Article 32. To see if the Town will vote to raise and appropriate a sum of money to pay overdrafts on Town Interest for the year 1932, or take any action thereon.

The polls will be open at 5.45 o'clock A. M., and may be closed at 4 o'clock P. M.

And you are directed to serve this Warrant by posting up an attested copy thereof at each of the Post Offices and at the First Congregational Meeting House in Bramanville, and at the Fire Station and Community House located at Wheelock Avenue, East Millbury, in said Town seven days at least before the time of holding said meeting.

HEREOF fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place aforesaid.

Given under our hands this Eighteenth day of January in the year one thousand nine hundred and thirty-three.

FRED H. VULTER,
ALCIDE MAYOTTE,
PATRICK J. GIBSON,
Selectmen of Millbury.

Attest:

Constable of Millbury.

Millbury, Mass, January 18th, 1933.

School Calendar, 1933

Winter Term, January 3, 1933 to March 24, 1933	12 Weeks
Spring Term, April 3, 1933 to June 23, 1933	12 weeks
Fall Term, September 5, 1933 to December 22, 1933	16 weeks

School Sessions

High and Junior High School—8.15 to 12 M.; 1.00 to 2.25 P. M.

Grades III-VI—8.45 to 12 M.; 1.00 to 3.00 P. M.

Grades I-II—8.45 to 11.15 A. M.. 1.00 to 3.00 P. M.

No School Signals

Fire Alarm Bell at 7.15 A. M. for dismissal for forenoon; at 11.00 A. M. for dismissal for afternoon session.

There will be no school on holidays and the day following Thanksgiving.

Flag

Every school day is a flag day.

Report of School Committee

To the Citizens and Taxpayers of the Town of Millbury:

The School Committee herewith submits its annual report. The financial report presents the statement of amounts expended during the past year for school purposes. Following our report is a statement of proposed savings, so far as next year goes, made on account of the unusual conditions now prevailing. We are pleased to report that in asking for an appropriation of \$83,000 this year which is \$11,000 or about 12 per cent less than last year's we were assisted by the generous action of the teachers. They voluntarily agreed to contribute ten per cent of their salaries to the town to be used by the School Committee in refraying expenses which, but for this gift, would of necessity require an appropriation of over five thousand dollars more. The superintendent though under contract and while he could not be legally compelled to do so joined with the teachers and agreed to contribute 10 per cent of his salary. All employed by the school department have co-operated so that the 10 per cent reduction of salaries and wages applies to all.

Furthermore, with the view to reduce this year's appropriation for schools as much as we could we have asked for \$4,500 less than last year for fuel, transportation, books and supplies. On this item we have cut to the bone and have requested the smallest sum that, with what we have on hand, will probably tide us through the year.

Father Marceau of the Church of the Assumption joined in the movement and generously reduced our rent from \$4,400 to \$4,000 for the next year. We sincerely thank all individually and collectively who by their good will and at a personal sacrifice have assisted us in lightening the tax

burden which of late has become so onerous. Millbury continues to hold its place for towns of its size in the vicinity and the State for conducting its schools by the expenditure of the smallest sum of money. This smallest expenditure, however, has not reflected itself in inferior training and results. Our students have entered competitions and won. They have brought home more than their share of prizes. For all of which we feel a just pride and are thankful.

We have repeatedly referred you to the reports which follow and are incorporated into our report. These reports have been made by the superintendent and those working with him with the view of presenting to you useful information about the schools and the administration of them.

We realize that the tax burdens due to expenditures for educating youth are heavy and that during these times are unusually so. Justice to the present generation demands that we do all that we reasonably can to give it the full benefits of our public school system.

In this we must not fail for the boys and girls of to-day will be the men and women of to-morrow.

Respectfully submitted,

THOMAS H. SULLIVAN,
WALTER B. HORNE,
DR. HENRY A. LECLAIRE,
School Committee.

1933 SCHOOL APPROPRIATION

The School Committee respectfully ask for 1933 an appropriation of \$83,000 for general expenditures and \$4,000 for Assumption Parochial School rental. This represents a reduction from the general appropriation of \$94,000 raised in 1932 of \$11,000 or nearly 12%, and of \$400 from the rental appropriation of \$4,400 or over 9%.

This reduction has been made possible

1. By the voluntary re-imbusement beginning Feb. 1, 1933 of 10% in their salaries by the superintendent and teachers, by a 10% cut in the wages of all other school employees and by a saving of \$500 on the wages of teachers by reason of their shorter term of service.

2. By the saving of approximately \$4,500 from smaller expenditures for fuel, transportation, books and supplies. In the past it has been the practice to carry a reasonable surplus of most of the above items from year to year. But, of course, under the present recommended reduction the entire surplus ordinarily carried will be exhausted at the end of this fiscal year. So you will see this is but a temporary expedient made in the hope that a year from now we will be better able to raise and appropriate money than at the present time.

Of this \$83,000 asked, approximately \$14,000 will be reimbursed by the State for tuition and teachers' salaries leaving a net amount to be raised from local taxation of approximately \$69,000.

Report of Superintendent of Schools

To the School Committee:

I respectfully submit my twenty-first annual report and the forty-third in the series of reports by Millbury School Superintendents.

In this report are included also various school statistics and the reports of the High School principal, the school physician, the school nurse, the supervisors of music, drawing, domestic science, manual training and physical training, to all of which your attention is called for detailed information in regard to their respective work.

An Account of Stock

In times of economic stress like the present people are more likely to dwell upon their troubles than upon the benefits they receive. Oftentimes they think the benefits cost too much. Let us take an account of these that are accruing to our school children.

I. Every school child in Millbury in 1932 had forty weeks of school, as many as any child in the State. He went to well-lighted, well-ventilated, well-heated, clean, sanitary, attractive school rooms with comfortable seats and adequate equipment.

While there was no individual fee required for fuel, repairs, janitors, rent, light, water, gas, floor oil, brushes, toilet paper, disinfectants, etc., they cost the town \$19,218.84, but the cost for each child for all these was not quite nine cents a day.

II. Every child had the free use of all the up-to-date text books necessary for his grade, together with pencils,

penholders, ink, erasers, paper, notebooks, chalk, drawing supplies, laboratory supplies, manual training supplies, typewriters, globes, maps, etc. The cost to Millbury was \$4,369.41, but this represented an expenditure of only two cents a day for each of the pupils enrolled.

III. Every child had a well trained teacher who kept her room in excellent order, was interested in their progress and successful enough so that at the end of the year 96% of the pupils were promoted. The children like their teachers and their parents do not find fault with them. But good teachers who can keep order without friction, instruct their children in such a way as to win their liking and that of their parents cost something. They cost Millbury in 1931-1932, \$58,627.50. The expenditure for each child for this teaching service was only twenty-seven cents a day and looked at in this way does not seem large. However, the net cost to Millbury, taking out the State re-imbursement for teachers for 1932, \$11,760, was \$46,867.50, or only twenty-one and a half cents a day for each child.

IV. Every child had the school nurse and the school physician to consult or to be referred to by the teacher for advice in regard to the improvement of health or for clinic attention. Through such advice many physical defects have been corrected through the co-operation of parents and of charitable organizations. Good health habits have been encouraged and contagious diseases quickly looked after and guarded against. This service cost \$1,354.04, or a little over a half a cent a day for each child.

V. Three hundred nineteen children live so far from school that transportation is provided them. For these children comfortable, safe and adequately insured transportation to and from school is provided. This cost \$8,200 for the school year, an expenditure of four and a half cents per day for each child attending school. If only those riding are considered, the cost per day rises to fourteen cents.

VI. The law requires that the School Committee, through a paid executive, shall see that properly trained teachers shall be selected and assigned to each school, that approved courses of study shall be provided these, that proper books, supplies and other equipment shall be selected, purchased and distributed, that salaries shall be fixed, duties defined, records and accounts kept, reports filed, complaints considered, that in fact everything pertaining to the smooth, efficient and progressive management of the schools is looked after. This service cost \$4,116.48, or approximately two cents a day per pupil.

VII. To summarize:

It cost Millbury for each day for each pupil

- (1) Two cents for books and supplies.
- (2) Two cents for clerical work and supervision.
- (3) One-half a cent for health service.
- (4) Nine cents for fuel, repairs, rent, janitors, etc.
- (5) Four and a half cents for transportation of children.
- (6) Twenty-seven cents for teachers' salaries.
- (7) Twenty-one and a half cents for teachers' net salary cost to town.

In other words, if each parent paid what it costs the town per day for training his child, he would give forty-five cents a day for each pupil he has in school. Not a large sum when it is considered how many things he gets for the money. (The above figures are based on the expenditures for the school year ending June 30, 1932. They would be less for the year ending December 31, 1932.)

Are we getting our money's worth?

Let us consider some of the facts that seem to indicate that we are.

I. Our schools are well disciplined, running smoothly, and apparently popular with children and parents. This means well selected and devoted teachers.

II. Our buildings are well-lighted, well ventilated,

well heated, clean, sanitary, attractive, with approved seating and equipment. Adequate books and supplies are provided for every child. The rooms have neither too many nor too few pupils. The High School has twenty-five pupils to a teacher, the Junior High, thirty-five, the other schools except East and West Millbury between thirty-four and thirty-six. These are regarded as good averages for efficient work.

III. Our health service through the nurse, physician, physical director, various clinics and charitable organizations is doing splendid work for the under privileged and handicapped child, as well as in keeping the healthy child well.

IV. Our transportation service for children who live a long way from school is comfortable, quick, safe, and the buses are adequately insured against accident and have passed the State inspection.

V. All pupils come at the end of the sixth grade to a central Junior High School where their work is departmental, as in the High School. In both schools children, where possible, are divided into classes in accordance with their ability to advance more or less rapidly. These homogenous divisions make it possible to do for each more nearly according to its needs.

VI. One way of determining the efficiency of the schools is by the amount of retardation. The more the retardation the less efficient the school administration. Ninety-six per cent of all children in the first eight grades were promoted last June. This is our best record. All of the pupils in grades seven and eight were promoted. Of the one hundred five pupils in the freshman class for the first two months this fall, no one failed in all his subjects and only seven in two or three of them. For the same period, the total failure for the three hundred twenty pupils in the High School in all subjects was about 4%, a very low per-

centage that speaks very well for the faithful efforts of the High School principal and teachers, as well as for the preparation given by the lower grade teachers.

VII. We have had our best record of achievement in many ways in 1932.

(a) *Penmanship.*

For many years, the Junior High School papers in penmanship have been sent to the Palmer Writing Company of New York to try for their various awards and diplomas for progressive improvement in writing. Five won only one award, twenty-one, two awards, forty-six, three awards, and seventy-three the final diploma for completion of the course.

Through this means most of our Junior High School pupils have developed before graduation into fine penmen whose work we are glad to exhibit.

The annual expense of nearly \$100 for postage, buttons, diplomas, etc., has been met without cost to the town by the recess sale of luncheon cakes and biscuits by Miss Dolan, the teacher.

(b) *Drawing.*

For several years our pupils from the fourth grade up have entered the Statewide poster contest sponsored by the Massachusetts Society for the Prevention of Cruelty to Animals. This year we received our largest number of awards for excellent posters. The total number received was sixty, of these twenty-two were first prizes or bronze medals, sixteen, second prizes or silver medals, and twenty-two, third prizes entitling the winners to a year's subscription of "Dumb Animals." By schools these were won as follows:

<i>School</i>	<i>First</i>	<i>Second</i>	<i>Third</i>	<i>Total</i>	<i>Grades</i>
High	6	2	6	14	9-12
Junior High	7	5	6	18	7-8
Burbank	2	1	2	5	4-6

Providence Street	2	2	2	6	4-6
Dorothy Manor	2	2	2	6	4-6
East Millbury	1	2	2	5	4-6
West Millbury	1	1	1	3	4-6
Union	1	1	1	3	4
	—	—	—	—	—
Totals	22	16	22	60	4-12

The director of drawing is Miss Butkiewicz.

(c) *Skill in Typewriting and Shorthand.*

For several years there has been an inter-high school contest for skill in shorthand and typewriting open to county high schools. Each school sends its best pupils in these subjects. Millbury made its best record this year, taking nine of the sixteen prizes. No other High School did nearly as well of the many competing. The instruction in shorthand and typewriting is given by Miss Leavitt.

(d) *Written Composition.*

About a year ago our school paper, *The Reflector*, was entered in a nation wide contest to determine what schools produced the best school paper. The judges rated *The Reflector* as third of those competing from schools of its enrollment group. As this paper fairly represents our school work in composition, we may feel assured that good instruction is being given in this important subject. The High School teachers of English are Misses Riordan, Horne and Cutts.

(e) *Debating.*

For several years our High School debating team has competed with other High School teams in a league sponsored by Clark University. In 1931 our team won the championship. This year it did not come out quite so well. It defeated the teams of Leominster and Shrewsbury in the preliminary contest. In the finals it won from Oxford but lost to Spencer by a two to one decision. The instructor in debating is Mr. Shaw.

(f) *Athletics.*

The High School has had its most successful year in athletics. It won the inter-school cross country run, the basketball championship in the Blackstone Valley League and the baseball championship in both High School baseball leagues of Southern Worcester County. The season was also financially very successful. The inference would be that our coaching has been superior. Mr. Beaton, who has the direction of it, does this without extra compensation, and has been unsparing of himself and of his time in this work of developing his teams.

(g) *Exhibit.*

In May we held in the Town Hall an exhibit showing some work from every pupil in the public schools. About 5,000 papers, drawings, booklets, etc., were displayed. Every type of work was represented. The exhibit was so attractive and so excellent as to win the favorable comments of the hundreds of visitors. The teachers deserve much credit for this display of their pupils' work. It is hoped to make this exhibit an annual event hereafter in order that people may better know what is being done by their children in school.

(h) *Preparation for College.*

School systems are often rated as good or poor, according to their ability to prepare their pupils to go to college and to do their work after they get there. This seems fair as graduation at the High School represents not only what the High School teachers were able to do for the pupil, but what all the preceding teachers had helped to do. He is the product of the combined effort of all his teachers.

(1) If a school has the privilege of certifying its approved graduates to college without their taking an examination, it means that it meets certain standards of

curriculum, equipment, number of teachers per pupil and that its pupils previously sent to college have made good.

We now have forty-four pupils who have thus been certified to various colleges. So far as we know they are all making good. The failure of only a few would have lost us this privilege. Many of this number have earned scholarships and other honors by reason of their good work. Our High School has every certificate privilege any High School has.

(2) A few colleges take no pupils without examination. In this group belong Radcliffe, Smith, Wellesley, Mt. Holyoke, etc. This year we had three take these examinations for Regis, Smith and Radcliffe, the most we have had in any one year. All these were admitted, much to the satisfaction of their teachers. For it is regarded as a very creditable thing for a small High School to prepare its pupils so that they can pass the difficult Comprehensive Examinations for these colleges. A parent then may feel sure that if the present excellent teaching service is maintained his child can be adequately prepared for college here without sending him away to a special preparatory school.

(i) *To sum up.*

From the general goodwill of parents and pupils toward the schools, from the splendid discipline and spirit in the schools, from the smallness of the yearly percentage of failure, 4%, from the successes of our pupils in every public competition in which they have taken part, penmanship, drawing, debating, athletics, typewriting, stenography, school paper, preparation for college, from the excellence of the exhibit of all phases of school work last May, there is justification for believing that Millbury is getting a good return from its school expenditures and without these expenditures being unduly large.

It is fair to assume that children enter school in different communities with about the same average ability. If those

of one locality appear to be more outstanding than those of another in their various competitive contests one may well believe the credit of this can be given to especially efficient and understanding instruction that tends to bring out the very best in the pupil. Millbury has been fortunate in having capable teachers for relatively long terms of service. They have been paid a living wage, and have been encouraged and allowed freedom to try to develop some form of superior work. These three things are a large factor in the good standing of our schools.

It is therefore of vital interest to every parent of children that these favorable conditions be maintained. The development of schools to good standing is a slow process, a little at a time, but a change to bad standing under unfavorable conditions can happen almost over night.

Resumé of 1932

(1) Both the High and Junior High Schools have had their largest registration.

(2) A day a week without additional cost has been added to the instruction in manual training and mechanical drawing in the High School.

(3) The usual clinics have been held:

1. Dental.
2. Tonsils and Adenoids.
3. Pre-school.
4. State clinic for tubercular contacts.
5. State clinic for immunization from diphtheria at which over seven hundred were immunized.
6. Clinic for retarded children.
7. Free clinic at Memorial Hospital for re-testing the hearing of the pupils previously found by the audiometer defective in hearing.

(4) Weekly afterschool classes have been formed in the High School in Debating by Mr. Shaw, Dramatics by Miss

Cutts, Mechanical Drawing and Out-Door Sports by Mr. Ela, Embroidery Club by Miss Massei and a Glee Club by Mr. Higginbottom.

(5) Outside painting of the Dorothy Manor School.

(6) Refinishing of desks in three rooms at the Burbank School.

(7) Provision of window shades for some rooms at the Burbank and Junior High School.

(8) Continuance of the very satisfactory rental arrangement for four school rooms at the Assumption Parochial School.

(9) The continuance of the school patrol sponsored by the Kiwanis Club in all the schools below the Junior High School.

(10) Our pupils' records which extend back to 1908 for all those who have been in school in that time have been transferred from wooden to metal filing cases for their better protection.

(11) The school buses this year have found it easy to meet the requirements of the new state law controlling the equipment and running of school buses.

(12) Re-decorating of the High and Junior High School corridors.

(13) All rooms at the High, Junior High and Providence Street Schools were tested by experts to determine whether they are properly lighted. As a result it seemed necessary to make some changes in the electric light fixtures of some rooms in the High, Junior High and Providence Street Schools to better safeguard the sight of their school children.

(14) Three hundred four dollars were contributed by the teachers and supervisors to the Millbury District Nursing

Society, all giving with one exception. This sum was to be expended at the discretion of the Society for the underprivileged, preferably children.

To Whom We Owe Thanks

(1) To Dr. A. L. V. Sharon for his annual prize to the pupil of the eighth grade writing the best essay on "The Care of the Teeth." This year's prize was won by Margery Wigton.

(2) To the Kiwanis Club which has again sponsored the school patrol for the elementary schools and met the expenses incurred for belts, etc. We feel that the safety of the small children is much better looked out for under this plan than heretofore. We are also indebted to it for conveying over twenty children to Memorial Hospital and meeting the expense there incurred for removal of tonsils and adenoids and correction of sight.

(3) To the District Nursing Society who has sponsored the Dental Clinic and the distribution of pasteurized milk to the various schools and met a part of the expense involved. The benefits derived have been very great.

(4) To William W. Windle for allowing the use of the Windle Field to the High School boys for baseball.

(5) To Gordon Hurd for establishing a fund in memory of his father, Dr. A. G. Hurd, the interest of which to be used to continue the annual prize given by Dr. Hurd for the best essay of a member of the Senior class of the High School on some subject relating to health.

(6) To all others who have in any way assisted in promoting the welfare of the schools.

Relative Cost of Our Schools

In these days of mounting costs of education, people naturally wish to know something about the relative cost of their schools compared with those of other communities. Fortunately, the figures for the State for the year ending June 30, 1932, are available.

Per Pupil Cost

July 1, 1931—July 1, 1932

Items	Mass.	Millbury
Control	\$3 78	\$3 52
Salaries	69 89	50 13
Library, Books and Supplies	4 35	3 71
Janitors, Fuel and Miscellaneous	10 48	10 19
Repairs	4 58	3 31
Health	1 61	1 16
Transportation	2 67	7 00
Tuition	1 11	
Miscellaneous No. 2 and Rent	74	3 92
Totals	\$99 19	\$82 94

It will thus be seen that the expenditures per pupil for the State year ending July 1, 1932 were \$82.94. If, however, these expenditures were taken for the town year ending six months later, December 31, 1932, the expenditures per pupil, because of economies practiced, were only \$78.69.

How Your School Dollar is Spent 1931-1932

Salaries, Supr's., Prins., Teachers	.60
Janitors	.04
Health, Nurse and Physician	.015
Supt., Att. Officer, Clerk	.04
Fuel	.07
Miscellaneous, Water, Light, Power, Janitors'	
Supplies	.015
Repairs and Furniture	.04
Transportation	.085
Books and Supplies	.045
Miscellaneous No. 2 and Rent	.05
	<hr/>
	\$1.00

Cost of schools in three neighboring towns of about the same location as regards Worcester and of about the same population and valuation as Millbury.

Costs 1931-1932 (State Year)

Town	Population	Valuation	Expenditures
		April 1, 1931	
Millbury	6,957	\$5,992,530	\$97,129 29
Auburn	6,147	6,047,450	110,807 63
Grafton	7,030	4,989,181	99,558 31
Shrewsbury	6,910	8,281,707	130,011 26

The following towns in order of population made the following expenditures for schools for the State year ending June 30, 1932.

Town	Population	Expenditures
Agawam	7,095	\$142,588 13
Grafton	7,030	99,558 31
Franklin	7,028	128,304 05
Chelmsford	7,022	103,436 32
North Andover	6,961	112,651 73
Millbury	6,957	97,129 29
Dracut	6,912	101,010 63
Shrewsbury	6,910	130,011 26
Hingham	6,773	143,651 00
South Hadley	6,657	114,298 97
Randolph	6,553	98,892 02

In comparing the expenditures of the above towns in the same class as Millbury, it will be seen that Millbury's expenditures for schools were lowest.

Expenditures, Calendar Year Ending Dec. 31, 1932

Expenditures	\$93,099 13
Re-imbursements	
Teachers' Re-imbursements (From State Income Tax)	\$12,225 00

Tuition (State Wards)	978 45
Tuition (Sutton Pupils)	50 00
Sale of Supplies, Tickets, etc.	132 30
	<hr/>
Total Re-imbursments	13,385 75
	<hr/>
Actual Cost of Schools to Town	\$79,713 38

Therefore, as seen by the above table, the actual cost to the town of the schools was \$79,713.38, and not the \$93,099.13 expended by the School Department. These various re-imbursments to the town for school expenditures amounted to \$10.88 per pupil for the December registration.

Receipts and Expenditures, 1932

Receipts:	
Appropriation	\$94,000 00
Expenditures:	
School Costs	93,099 13
	<hr/>
Balance	\$900 87

Special Rent Appropriation, 1932

Receipts:	
Appropriation	\$4,400 00
Expenditures	4,400 00
	<hr/>

Item	Expended, Town Year ending
	Dec. 31, 1932
Payroll	\$67,407 50
Conveyance	8,850 00
Repairs	2,898 70
Miscellaneous Nos. 1, 2	1,694 31
Books and Supplies	4,293 83
Fuel	7,954 79

I wish to express my deep appreciation of the splendid co-operation and support that have been given me by your committee and by the teachers. If the schools have failed in the performance of their duties or in the maintenance of a proper standard of efficiency the Superintendent of Schools should be held largely responsible.

Respectfully submitted,

C. C. FERGUSON,

Superintendent of Schools.

High School Principal's Report

Mr. C. C. Ferguson,
Supt. of Schools,
Millbury, Mass.

Dear Sir:

I have the honor of submitting my fourth annual report as principal of the Millbury High School.

The continually increasing enrollment has further taxed our High School accommodations, but the improvement accomplished by conducting the Junior High School in the Union Building has enabled us to provide a seat for each pupil.

We were fortunate in being able to open the school year in September with practically the same teaching force. We welcomed to the faculty Mr. Arthur Higginbottom who took the place of Mr. George Higginbottom, and Mr. Wilmar Ela who now carries on the manual training and mechanical drawing work of Mr. Hallis Brannen. The school regretted the departure of Mr. Higginbottom to Belmont High School and of Mr. Brannen to Kennebunk, Maine. We wish them both a continuance of the success they had at the Millbury High School.

By increasing the number of pupils in the various classes we were able to take care of a ten per cent increase in enrollment without increasing the teaching staff. The state authorities have approved this method of increasing the number of pupils per class in order to lessen the financial burden which education places on the public.

Following the practice commonly observed in other schools we have combined the mechanical drawing and

manual training in one department. This change was made possible only through the sympathetic cooperation of the Superintendent of Schools and the members of the School Committee. The improvement also gives Miss Butkiewicz, our Drawing Supervisor, more time for her free-hand drawing pupils whose efforts have brought so much favorable comment to the school.

Graduates of the Millbury High School are now enrolled in the following schools of higher education: Boston University, five; Clark College, six; De Pauw University, one; Framingham State Teachers College, two; Holy Cross College, three; Mount Holyoke College, one; Northeastern University, two; Radcliffe College, one; Regis College, one; Simmons College, two; Smith College, one; Worcester Polytechnic Institute, five; Worcester State Teachers College, eighteen; Post Graduates, seven.

The excellent work of our graduates in these and other institutions in the past years has won for us the privilege of certifying our graduates to all colleges and universities which observe this practice.

It has been a source of great pleasure to the Principal to receive many letters of congratulation on the work of our students from the deans of colleges in which our students are enrolled. These letters are kept on file in the Principal's office.

Of a total of seventeen members of the class of 1931 who enrolled in higher institutions of learning not one failed in a single course. We attribute this excellent record to our capable and zealous teaching staff.

The school recommended three graduates of the class of 1932 as excellent candidates for the College Comprehensive Examinations. The fact that these three, Ruth Higginbottom, Ellen Donovan and Carey Tatro are now enrolled at Radcliffe, Regis and Smith Colleges respectively is sufficient evidence that they passed these examinations.

Mr. Gordon K. Hurd, the son of the late Dr. Albert G.

Hurd, donated a substantial sum of money, the interest of which will constitute an annual prize for the best essay on the subject, "Health." A committee composed of the superintendent of schools, the school doctor and the district nurse will select the prize winning essay each year. The fund was established to perpetuate the memory of the late Dr. Albert G. Hurd who always manifested a keen interest in all school work. The prize was won last year by Ellen G. Donovan, a member of the graduating class and at present studying at Regis College.

In the first year of its publication our school paper, *The Reflector*, was awarded third prize in its class in a national competition known as the Columbia Scholastic Press Association Contest. Over four hundred school papers entered competition in this class and the fact that *The Reflector* in its first year as a printed bi-monthly school paper won a third prize merits the highest credit for Miss Catherine Riordan, faculty supervisor.

Success continued to crown the efforts of our debating teams under the direction of Mr. Raymond E. Shaw. The debating teams won their way into the finals of the county high school debating contest conducted annually by Clark University.

The remarkable success of our commercial course may be judged from the fact that in the annual county competition our pupils won nine out of a possible sixteen prizes. For first year work all the prizes were won by Millbury High School students; in the second year, first prizes in shorthand and accuracy in typing rewarded their efforts. Again it is a pleasure to congratulate Miss Ruth Leavitt for her excellent work.

The medal for excellence in Mathematics and Science for the four years course, donated by Rensselaer Polytechnic Institute was won by Arthur Joseph Stead who is now a student at Worcester Polytechnic Institute.

Janet Weyer won the Washington-Lafayette medal

awarded to the pupil having the highest average in American History.

That the physical aspect of education is not being neglected is attested by the fact that under the capable direction of Mr. Stephen Beaton the boys' Millbury teams won the county championships in Baseball and Cross Country running and the sectional championship in Basketball. This record even surpasses last year's remarkable performances. The girl's basketball team had its usual excellent season under the direction of Miss Jane Sullivan.

A very successful school play was staged under the direction of Mrs. Stephen Beaton. The orchestra trained by Miss Bridget Connor contributed materially to the success of many enjoyable school programs during the year. To the Dramatic Club organized and supervised by Miss Dorothy E. Cutts we are grateful for a very interesting Christmas program.

Among the new additions to the school activities we give first place to the glee club organized under the direction of Mr. Arthur Higginbottom. An out-door sports club has been formed by Mr. Wilmar Ela to interest the students in out-door sports.

Excellent attendance and application to studies marked the school year. We bespeak the continued cooperation of the parents in this respect.

It is a pleasure to attribute the greater part of the success of the past year to your own unselfish interest and sympathetic cooperation.

Sincerely,

WILLIAM D. SHEA,

Principal.

Report of School Physician

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Mr. Ferguson:

The annual inspection and examination of the children in the Public Schools is being done. The grades have been examined; Junior High and the High School are to be examined.

Defective teeth and hypertrophied tonsils are the predominating defects discovered. Some cases of malnutrition and several valvular heart conditions were also found and the parents were notified.

In February, three cases of diphtheria occurred in the first grade of the Union Building; on culturing the grade two carriers were found. After their exclusion from school no other cases developed. There was no other outbreak of any of the communicable diseases in the schools.

This spring, the State Department of Public Health in co-operation with the School Department and the Board of Health gave the toxin-antitoxin treatment for immunization against diphtheria to over seven hundred children. About seventy of these children were of pre-school age; the remainder were children of the Public and Parochial Schools.

Very truly yours,

ARTHUR A. BROWN, M.D.

Report of School Nurse

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Mr. Ferguson:

I hereby submit my report as School Nurse in the Millbury Schools.

Although the routine work in the health program has increased the past year through extra follow-up visits to the homes as the result of clinics we have had a very satisfactory year.

Some of the most important activities are as follows:

The annual clinic for the prevention of tuberculosis conducted by the State Department of Health reports thirteen children re-examined, eleven improved, two unimproved, one recommended for summer camp, and one discharged. At our request eight new cases were examined and X-rayed, six were given the Von Virquet Test and six re-acted.

A pre-school clinic was held in June at the High, Dorothy Manor and East Millbury Schools. Sixty-four children attended and were examined by Dr. Brown assisted by the School Nurse. Enlarged tonsils and carious teeth were the most important defects found. A few corrections were made during the summer vacation. The number of children attending represented about one-half of the entering class.

A Child Health Day program was repeated this year and dental tags were given to all having a dental certificate. The children work hard all the year for this reward. We are very proud of the fourth grade at the Union School, Miss

Agnes Faron, teacher, this being the fourth year every pupil in this grade has had a dental certificate.

The dental clinic was held from January until June and it is with deep regret that it was necessary because of lack of money to discontinue it. At the recent physical examination the School Physician found so many carious teeth we feel there is cause for grave concern. It is earnestly hoped some way will be found to continue the dental clinic and do preventive work in the first four grades.

We had a few cases of diphtheria in the spring and I feel this was partly responsible for securing the satisfactory clinic conducted by the Board of Health immunizing against diphtheria. Our hopes are to have every child in our schools immunized.

The clinics for retarded children and special cases deserves mention as they bring about a better understanding of the child and what he needs.

The Kiwanis Club has again paid for tonsil operations and supplied glasses for children whose parents could not afford to do so.

The usual program of weighing and measuring, examining eyes and ears, taking children to outside clinics, giving every child who needs care personal attention, in fact trying in every way to keep our children healthy and our schools free from epidemics has been carried on.

Chocolate milk is being sold again this year and a few worthy cases are given this without charge.

In closing I wish to thank, you, Mr. Ferguson, the teachers and parents who have assisted me in the health work.

Respectfully submitted,

MAY A. STAFFORD, R.N.

Report of Supervisor of Manual Training

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Mr. Ferguson:

It is a pleasure to submit my first annual report as Supervisor of Manual Training and Mechanical Drawing in the Millbury Public Schools.

The wood-work that is being done by the pupils of the seventh and eighth grades teaches them the fundamental steps of using hand tools in the shaping of projects.

From the beginning the students are taught to make a working drawing or rough sketch of the project in mind. The projects are made according to their degree of simplicity or hardness. They range from book-ends to small stands in the Junior High School and in the High School, sewing trays, tea wagons, end tables and bookcases make a partial list.

Home mechanics, cabinet making and carpentry are being taught, with more emphasis placed upon home mechanics or household repair.

The mechanical drawing course is meeting with great success in the High School.

Mechanical drawing is directly correlated with the wood-work.

This course, I hope, will eventually lead to drafting. Orthographic projection from a detailed picture drawing is

included in the first part of the course. Designing and blackboard drawing also are included. Inking and the tracing of drawings followed directly with an understanding of blueprinting will complete the course.

The cost of equipment is slight and when once established the running expenses are exceedingly low.

At this time I would like to thank the Superintendent and teachers for their co-operation.

Respectfully submitted,

WILMAR H. ELA.

Report of Supervisor of Drawing

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Sir:

I hereby submit my fifth report as Supervisor of Drawing in the Millbury Public Schools.

The chief aim of the art course is to give all pupils the power to enjoy beauty and to enable them to recognize the value of art as applied to everyday life.

With this end in view the lessons in art education have been divided into several groups.

The Representation group teaches the child to draw nature forms with crayon or paint. He becomes familiar with the general characteristics of trees, birds, flowers, animals, human figures and landscapes. It stimulates his creative imagination demanding concentration and helps him to form correct habits of thinking.

The Design group helps the child to understand some of the elementary laws of design, emphasizing the decorative quality of nature and its application to decoration.

The child is taught to create designs from flowers, trees, birds, butterflies and fish. He learns to distinguish a good design from a poor one. He is taught to draw letters correctly and easily.

Everyday there is a demand for individuals to choose color in one form or another. Lessons in color acquaint the child with many color harmonies and he is taught to apply them to interior decoration, clothes, designs and posters.

Through picture study, the child becomes familiar with the fine and useful arts of all times.

Posters covering many topics such as health, thrift, and school activities have been made throughout the grades and the High School.

Pupils submitted posters to the Humane Animal Poster Contest and a list of the awards may be found in Mr. Ferguson's report.

Posters were made by the Junior and Senior High School pupils for the Millbury District Nursing Association and four prizes were awarded.

Problems in construction develop the habit of invention and creative expression in materials. In the primary grades pasting, paper-folding and cutting are great aids in familiarizing the child with the characteristics, possibilities and limitations of various materials, processes and results. Application of this project has been carried out in the making of candy and nut boxes, toys, holiday place cards and calendars.

In the Junior High School the drawing is carried on by Miss Leary and the supervisor. The children have worked out problems in nature study and design, figure drawing, lettering, posters, animal drawing, composition, creative expressions, free brush work, holiday projects and window decorations.

The High School course gives the pupils an understanding of line, form, color and their adaptation to everyday use in the field of design. The classes have had a course in interior decorating, poster work, fashion drawing, lettering, nature study, design and color harmony.

Mr. Ferguson, teachers, and parents please accept my sincere thanks and appreciation for the interest and cooperation you have shown me in my work during the year.

Respectfully submitted,

LEONA T. BUTKIEWICZ.

Report of Supervisor of Physical Training

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Sir:

I hereby submit my report as Supervisor of Physical Education in the Millbury Schools.

The general outline of my work this year is practically the same as last with a few exceptions. In the Junior High School I have substituted a program of play and recreation for the more formal type of work. Physical educators in general believe they attain the same results and also a great deal more from the newer form of physical education than from the latter. Formal work does not appeal to Junior High School children, but in a carefully planned program of games, the instructor is able to obtain the same results, by grouping the games in such a way that different parts of the body and different muscle groups are used in their play. In addition to receiving the proper exercise for the body, the children receive mental stimuli and also character training which is the outstanding advantage of this type of work. In my own experience in the Junior High School, I have found this plan to be very successful.

The posture of the children is cared for in all the schools by posture examinations given twice a year. The cases which require further attention are segregated and given individual corrective exercises throughout the year.

In the High School, interclass games are played in both volley ball and basketball. There is also a varsity basketball team for the girls who wish to participate.

I wish to express my appreciation to you, Mr. Ferguson, and to all the teachers for their interest and co-operation in my work.

Respectfully submitted,

JANE E. SULLIVAN,

Report of Supervisor of Music

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Mr. Ferguson:

In my previous reports, I have endeavored to point out that the aim of music in the schools is to develop a desire for music, and, at the same time to cultivate a knowledge of music.

With these objectives many means of acquiring the desired results enter into the work, and so at the outset of my report, I wish to mention one of the most important elements that contributes so effectively, namely: the splendid co-operation on the part of the teachers.

At no time has this highly appreciated spirit waned, and the effort to complete the regularly required assignments has been most gratifying. This congenial condition reflecting upon the pupils tends to increase their love and interest for music, thus making the work very enjoyable, as well as inspirational.

The opportunity to demonstrate at the School Exhibition, the work done by the pupils of grades five and six was an important feature of this year's work. It interfered in no way with the progress of the music study, but rather helped to furnish a powerful and interesting motive for this study. Even the dramatic element that accompanied the production of some of the songs was purposely given to emphasize the recognition of the rhythmic motion or movement suggested by the music.

This year's outline in music in the Junior High classes admits of a little advanced theory and brief biographical sketches of the outstanding music masters, also, the introduction of four-part singing. These additions to the outlines will be taken up at the beginning of the last four months of the school year.

In closing my twenty-first annual report, I wish to thank you, Mr. Ferguson, and all who have so kindly assisted me in my work.

Respectfully submitted,

MARY T. BERGIN.

Report of Supervisor of Sewing

Mr. C. C. Ferguson,
Superintendent of Schools,
Millbury, Mass.

Dear Mr. Ferguson :

I have the pleasure of submitting my annual report as Supervisor of Sewing in the Millbury Schools.

The sewing course in both Junior and Senior High Schools is designed with a view to giving the girls a practical and useful knowledge of this subject which is now considered a necessity in rounding out a girl's education.

The fundamental stitches are taught in the Junior High School classes and these are applied to simple articles such as sewing bags, towels and aprons. In this manner, they are really accomplishing something useful while learning the rudiments of sewing. The uses and care of the sewing machine are also taught to these girls. The work is carefully and thoroughly gone over for the benefit of both those who are to continue sewing and those whose experience with sewing will end with their Junior High work.

Sewing in the Senior High School is naturally of a more advanced type, but the same principles of correct workmanship are adhered to in the same group as they are in the Junior High School group. The cutting, fitting and assembling of garments are taken up from a commercial standpoint.

This year a Children's Clothing Unit was introduced into the High School course. This course tends to bring out originality of ideas and precision and fineness in executing

these ideas. While each girl may make a different article of children's clothing, they all benefit by the problems brought up by the other girls during this class period.

The habit of the proper and more frequent use of the iron has facilitated sewing for all the girls and has brought about more satisfying results.

During the Christmas season, extra time is given the pupils after school for making gifts. These gifts take the form of stuffed toys, laundry bags and spongex articles. Making Christmas gifts gives the girls a concrete example of the saving between articles bought and those that they make themselves.

Present conditions being such that we must all budget more closely, fewer articles are required to be made in sewing but the same construction steps are distributed among the fewer articles.

The aim in both the Senior and Junior High Schools is to give a thorough and practical knowledge of the subject while also teaching supplementary good habits of neatness, cleanliness and economy. The girls enjoy their sewing. Their willingness to learn and their conscientiousness about carrying out instructions is shown in their successful display at the Exhibition in May.

I wish to thank you, Mr. Ferguson, the principals and all the teachers and parents who have co-operated with me so willingly.

Respectfully submitted,

ROSE M. MASSEI.

Mr. Wilmar Ela, Sept. 6, 1932

Graduate of Fitchburg Normal

In Memoriam

Death has claimed during the past year two former officials of the town who had efficiently served the community for many years.

Daniel J. Dempsey, Sr.

a life-long resident of Millbury, died at his home on Main Street, Feb. 14, 1932, at the age of 65 years.

He spent many years of his life serving the public, including 11 years as Selectman, seven of which he served as chairman; three years, from 1899 to 1901, as a member of the Board of Assessors, and two years in the Legislature as Representative from this district during the years of 1903 and 1904. He served as postmaster of Millbury by appointment of President Cleveland from 1894 to 1898 and again by appointment of President Wilson from 1914 to 1923.

For many years he conducted the news agency at Central Square and was also active in the organization of the Millbury Co-operative Bank and had been a member of the board of directors and investment board since the bank was incorporated. He was also interested in the Millbury Savings Bank as a member of the corporation. During his entire life, Mr. Dempsey aided all projects that were for the betterment of this town and community.

Thomas A. Dowd

also a life-long resident of this town, passed away at his home on Prospect Street, Jan. 1, 1933, at the age of 65 years.

He had spent sixteen consecutive years of his life serving the town as Auditor, retiring at the end of the year 1922. He also served as a member of the Board of Selectmen during the years 1925 and 1926 and for many years was a member of the Town Finance Committee.

Mr. Dowd was employed for many years by the Marble-Nye Co., Worcester, as an accountant. He served as a director of the Millbury National Bank, and Millbury Co-operative Bank, was a trustee of the Millbury Savings Bank and a member of the corporation of the Worcester County Institution for Savings of Worcester. He took a great interest in all civic improvements in the town and also in many fraternal organizations.

The losses of these two citizens has been and will continue to be keenly felt by all citizens of this community.
